

SHIPYARD QUALITY POLICY

At ASENAV S.A., we don't just build, modify, or repair vessels; we craft them with a dedication to unparalleled quality. We believe quality isn't just a commitment—it's the core of our identity.

- **Customer-Centric Approach:** We prioritize personalized attention to each client, ensuring their unique needs and visions are met with the utmost precision and care. We recognize that our success is anchored in the trust our clients bestow upon us.
- **Strategic Quality Focus:** For us, quality transcends mere workmanship. It is a strategic imperative that underpins our national and international competitive edge and fuels our growth and sales. Furthermore, it ensures job stability and showcases our commitment to excellence in the maritime industry.
- **Continuous Improvement:** We don't rest on our laurels. Adequate planning paired with an unwavering dedication to refining our processes ensures that our quality standards consistently rise, setting new benchmarks in shipbuilding excellence.
- **Compliance and Integrity:** Every vessel that leaves our yard meets and often exceeds industry standards. We operate diligently within the legal framework, always upholding our responsibility to our clients, users, and stakeholders—both internal and external.
- **Stakeholder Satisfaction:** We aim to exceed expectations, addressing all stakeholders' tangible and intangible needs. Through open communication and feedback, we seek to foster relationships built on trust, transparency, and mutual respect.
